Select the project to open the 'Bid Advertisement' page. At the top of the page, options are listed on the functions bar. Select 'Download Addenda' to enable the download of all addenda documents (PDF/Zip file format). Bid documents must be downloaded prior to downloading the addenda.

## ADDENDUM NO. 1

March 25, 2020

### GENERAL

It is possible the COVID-19 virus, or another epidemic, could delay construction activity due to government intervention. In this case, the OWNER would consider granting contractors a reasonable time extension to address the mandated health condition. Any impact related to additional costs would have to be reviewed on a case-by-case basis. Any costs associated with a contractor's labor force being off the project as a result of government intervention related to COVID-19 would not be the responsibility of the OWNER. At this time, perspective bidders are directed to consider the Contract Times unchanged.

All bidders are hereby notified of the following revisions:
